

World's largest telescope, at Palomar, Cal., is proving that time and space amount to the same thing. Latest report from the observatory is that the big glass has picked up stars so distant it takes their light a billion years to reach the earth. That is, they are certain to have been in existence a billion years ago — but on the other hand, they could have burned out nearly a billion years ago and we still wouldn't know about it.

Last night's announcement that the 45-day-old Missouri Pacific railroad strike has come to an end is a relief to the month for the Hope.

Other towns were harder hit no doubt, since we have two other railroad companies doing business here; but there was inevitable delay in the mails, local industrial plants had to resort to excessive drayage in order to get their freight loaded on or off the lines — and there was a vast amount of gloom over the uncertainty of business in the postwar period.

It takes a well-balanced team to make things click on the industrial front — and when the balance is sour the going is rough.

Appeals of the governors of the Southwest states seem to have had considerable effect in bringing the railroad management and the brotherhoods together. For this Governor Sid McMath of our own state is due congratulations and thanks; for he was a prime mover in the St. Louis conference which led up to the final strike settlement.

Week-end dispatches told me something I had apparently overlooked: that the federal government has passed a law to help the states collect sales tax on mail-order cigarettes.

The federal bill, signed into law by President Truman October 19, will compel cigarette shippers to turn over the names of buyers to the tax departments of the individual state governments.

A Huntington (W. Va.) distributor will fight the law in the courts. He argues that the law is unconstitutional, that it is a federal intrusion into states' rights, the right to ship out cigarettes wherever you choose, without any tax accounting.

But there is another and larger view of states' rights. The greatest single power in states' rights is the right to levy taxes in order to maintain the very state itself. The bootlegging of cigarettes into any state in defiance of the sales tax is a blow to states' rights — any law that tends to put down this civil is a bulwark of, rather than an intrusion into, local government.

I think the states put too high a tax on cigarettes; but that's an issue for the people of each state to determine themselves.

Cutting off the bootleg supply and making everyone pay the tax means a reduction in the amount of tax-dodging would ever do.

Nine Men Enlist in U. S. Army

Sergeant First Class Warren G. Short, commander of the Army and Air Forces recruiting station in Hope, announced the enlistment of nine men from Lewisville, Emmet, Bodewac, Fulton, and Springfield.

Wesley P. Calhoun, son of Mr. and Mrs. Howard D. Calhoun of Springfield, re-enlisted. Wesley H. Hill graduated from Arkansas State Normal at Fayetteville, Ark., and enlisted from Emmet. John E. Reyenga, son of Mrs. Manie E. Reyenga, Rt. 1, and Billy D. Rowe, son of Mr. and Mrs. Arter D. Rowe, Rt. 2, Emmet. John and Billy graduated from North Arkansas school in 1949. Larry E. Boeham, son of Mr. and Mrs. Oad Boeham, Rt. 1, Lewisville. Kenneth H. Flaherty, Glen H. Gilbert, and Chas. W. Smith from Fulton. Kenneth graduated from North Arkansas school in 1949. Larry E. Boeham, son of Mr. and Mrs. Oad Boeham, Rt. 1, Lewisville. Kenneth H. Flaherty, Glen H. Gilbert, and Chas. W. Smith from Fulton. Kenneth graduated from North Arkansas school in 1949.

Sergeant First Class Warren G. Short, commander of the Army and Air Forces recruiting station in Hope, announced the enlistment of two men from Bodewac, Arkansas in the United States Army.

They were Carey C. Whitten, son of Mr. and Mrs. Delmar F. Whitten, Rt. 2, Rosston and Morrilton. C. Rowe son of Mr. and Mrs. R. Ham C. Rowe, Rt. 1 Rosston. Ark. State Normal, a man graduated from Bodewac High school in 1949. Carey C. Whitten completed one year of college at Magnolia A. M. Since passage of the Career Compensation Act of 1949 young men entering the Armed Forces can expect to find attractive, well-paying careers. This act, the first major overhaul of the Armed Forces pay and compensation plan since 1909, was designed to attract and hold the highest type young men and women to the services as a career.

Permit Issued for Wildcat Test Near Blevins

The Arkansas Oil and Gas Commission has issued a permit for the following wildcat well in Hempstead county:

Sam Sklar, Trustee, drill Jack Evans No. 1, 682 feet east and 66 feet south of NW SE SE 35-10S, 24W Hempstead county Wildcat, two miles southeast of Blevins, 2,500 feet.

WEATHER FORECAST

Arkansas: Cloudy with rain this afternoon, tonight, Tuesday. No important temperature changes.

Outlaw Atomic Bomb Truman Challenges

Calls on All Nations to Agree on Plan

By ENREST B. VCCARO

New York, Oct. 24 — (AP) — President Truman challenged all nations today to agree on a workable way to outlaw the atomic bomb, the alternative to man's destruction.

Sneaking against the background of Russia's refusal to come into an agreement that the United States and other powers have endorsed, Mr. Truman said:

"To assure that atomic energy will be devoted to man's welfare and not to his destruction is a continuing challenge to all nations and all peoples."

He said his first foreign policy declaration since his Sept. 23 announcement: "We have evidence that within recent weeks an atomic explosion occurred in the U. S. S. R." The President declared:

"Ever since the first atomic weapon was developed, a major objective of United States policy has been a system of international control of atomic energy that would assure effective prohibition of atomic weapons and at the same time would promote the peaceful use of atomic energy by all nations."

Truman spoke at the laying of the cornerstone of the secretariat building of the United Nations headquarters on UN's fourth anniversary. The United States has offered to surrender its atomic bombs under the terms of the "Baruch plan," providing rigid UN inspections and controls to assure against illegal bomb building.

The President did not mention Russia by name but indirectly challenged the Soviet government to offer a "better and more effective plan."

He said the United States is now "and will remain, ready to do its full share" to meet the atomic weapon's threat to peace.

In another obvious dig at the Soviet orbit Mr. Truman also sharply criticized disregard of human rights which he said were "indispensable to political, economic and social progress."

He said UN members know that "disregard of human rights is the beginning of tyranny, and too often, the beginning of war."

He spoke just two days after the general assembly voted agreement with Western charges that Russia and satellites Bulgaria, Romania and Hungary are suppressing human rights and freedoms. The questions first were raised at trials of Josef Cardinal Mindszenty in Budapest and other religious leaders in Hungary.

Respect for human rights, promotion of economic development, and a system for control of weapons are requisites to the kind of world we seek," Mr. Truman said.

"We can not solve these problems, but we must keep everlastingly working at them in order to reach our goal."

The general assembly approved, 40 to 6, Nov. 4, 1948, the United States-endorsed plan drafted by Bernard M. Baruch and others of the UN atomic energy committee.

Otis Collier Dies at Home in California

Otis Collier, 55, former resident, died last Thursday at his home in Mountain View, Cal. He formerly operated the old Collier's Lake near the Pines Swimming Pool near Hope.

He was survived by his widow, his mother, Mrs. Ed Collier, of Little Rock, 3 brothers Aubrey of Hope, Tom and Edward Collier of Dallas, 4 sisters, Mrs. Gilbert Fuller, Camden, Mrs. Herndon Smith, Mrs. J. H. Smith, George Douthett, all of Little Rock.

Funeral arrangements are pending arrival of the body but are expected to set for 10 a.m. Wednesday at the Church of Christ with Lynn Browning officiating. Burial will be at Shiloh Springs.

Active pallbearers will be his nephews.

Will Wheat, of Fulton, Succumbs

Will Wheat, a resident of Fulton, died Saturday night in a local hospital.

He is survived by his widow, 3 sons, William and Wheat of Fulton, LeRoy of Flint, Mich. 3 daughters, Mrs. Betty Hawthorne, Fulton, Mrs. Isobel Clayton, Saratoga, Mrs. Agnes Logan, Flint, Mich. a sister, Mrs. Geneva Flint of Texas.

More Meat for Less Money Is Prediction

Washington, Oct. 24 — (AP) — You may be able to buy a little more meat for a little less money next year.

The agriculture department predicted today that the 1950 supply may average 150 pounds for each consumer, compared with 147 this year and the record of 153 in 1947.

And abundant supplies of corn and other feed grains at favorable prices may result in moderately lower prices.

Almost all of the anticipated price reduction and most of the expected increase in supplies will be in pork.

Dollar Spending Slashed by Britain's Attlee

London, Oct. 24 — (AP) — Prime Minister Attlee slashed dollar spending and defense costs and cut down on free medical services today to ease Britain's economic crisis.

The prime minister laid before the house of commons a program which will mean that some food costs for hungry, rationed Britons will rise.

Attlee told the house of commons he estimated cuts would save \$20,000,000 (\$784,000,000 in Britain's 1949-50 budget. The British pound now is worth \$2.80. It was devalued from \$4.03 on Sept. 18.

Attlee said 30,000,000 pounds of the savings will be in armed forces expenses of this nation, which he held responsible for the West's Atlantic pact defense plans.

The leader of the labor government announced he had slapped a fee on the bold and expensive public health service instituted by his party in July, 1948. From now on, the house of commons will be the center of the program.

Prescriptions have been free. Britons now pay a small weekly social security tax, of which eightpence (about 10 cents) goes to the medical service. Other taxes pay for the remainder of the program.

The prime minister also lopped millions from government administration expenses and capital expenditures for new buildings, hospitals, schools and public works.

This economy program is the government's first announcement of a policy to deal with the pound. The house of commons will debate the program Wednesday and Thursday.

"To counter the risk of inflation, we must reduce expenditure and increase production," Attlee told the house of commons. He said the program would be in effect by the end of the government's fiscal year next March 31.

Attlee said Britain's purchases of goods from dollar areas would be limited to \$1,200,000,000 a year. He said the new limited figure would come into operation at once and should cut Britain's dollar imports to \$800,000,000 in the first half of 1950.

Britain spent about \$1,600,000,000 on imports last year and \$22,000,000 in the first half of this year.

On July 14, Sir Stafford Cripps, chancellor of the exchequer, announced a temporary 25 per cent cut would be made in imports. Attlee made the cut permanent until the end of the government's fiscal year next March 31.

Attlee said devaluation had opened greater opportunities to get service through exports. "There are already signs of an increased demand," he said.

"x x x expert salesmanship will be needed and we must be able to give early delivery, the opportunity must be seized. The measure many of them distasteful, which are taking are necessary and consequential of the decision to devalue."

"They do not affect the main structure of the welfare state. They are, rather, a retardation of progress in certain directions."

Capital expenditures: A reduction of about \$140,000,000 (\$293,000,000). This covers such projects as school construction, hospital construction, highways and the like.

Education: About \$5,000,000 (\$14,000,000) in school spending for England, Wales and Scotland. This will result in an increase of a penny (about one and one-half cents) for prices charged for students' meals, and will mean less transportation for students to schools.

Health services: A charge of a shilling (14 cents) will be made for each prescription under the national health service. Hitherto the filled free of charge. The covering prescriptions were issued and filled free of charge. This saving will amount to about \$10,000,000 (\$22,000,000).

R. U. Innocente Wasn't and Gets Jail Sentence

Los Angeles, Oct. 24 — (AP) — The federal court judge called for the criminal calendar and Roberto Ulanio Innocente, auto theft suspect, struggled to the prisoners' stand.

"R. U. Innocente?" queried the clerk, without looking up. "No, I am guilty," Innocente retorted.

Whereupon the judge sentenced Innocente to 10 months in jail on his plea of guilty to driving a stolen car here from Nevada.

Diplomats From Curtain Nations Meet

London, Oct. 24 — (UP) — American diplomats from all iron curtain countries meet today to plan new atomic cold war strategy amid reports of mounting unrest within Russia's Eastern European empire.

Bold recommendations for Western support of Marshal Tito against the Kremlin were expected to be made by Cavendish Cannon, retiring ambassador to Yugoslavia.

Other diplomatic chiefs will report on conditions within other satellite countries, churned with dissension against the iron rule of Moscow.

The diplomats may even consider the possibility of furthering the ultimate American diplomatic objective of pushing Soviet influence out of Eastern Europe and back beyond the borders of Russia proper.

Groundwork for today's meeting was laid in Paris last week when American diplomatic chiefs from Western Europe met for a similar conference behind closed and locked doors.

The Paris conference also was attended by Admiral Alan G. Kirk, ambassador to Moscow. No report was issued on results of the meeting.

American officials have attempted to dismiss the unprecedented London meeting as routine, but it came at a time when grave decisions on future American policy toward Russia may be in the making.

Much of the conference will be devoted to discussing on Yugoslavia and Tito's role in the explosive Balkans.

Police Report Theft, Wreck and a Shooting

A 13-year-old youth from St. Louis admitted stealing an automobile at Sikston, Mo., and absconding it near Forrest City local police announced. He was picked up here for questioning last Saturday and will be turned over to federal authorities.

Officers also investigated an accident on West Third involving a Ritchie Grocery Co. truck, driven by Claude Collins and an auto owned by Glen Bailey. Little damage resulted.

A negro woman, Thelma Cross, shot a negro man, Raymond Williamson at her home on North Andrews street last Friday night. The bullet traveled through the leg. His condition is not believed too critical. The shooting followed an argument of long standing.

Gaining Weight Is Matter of Self-Indulgence - Losing It Is a Matter of Torture

By HAL BOYLE

New York — (AP) — Gaining weight with men women is a matter of self-indulgence and losing it is a matter of self-torture.

But with Fay Suskind putting on pounds and then taking them off is a matter of business. She is paid to do it.

Miss Suskind, a pretty, dark-eyed girl with a fine background and a good foreign accent, has one of the oddest jobs in an odd civilization. She is a human guinea pig for the mechanical massage industry.

"My job to test the reducing equipment," she said as we sat in an anteroom of one of the MacLeary's slenderizing salons where she acts also as gym supervisor.

"Three or four times a year I put on as much weight as I can, and then take it off with massage rollers."

"We have machines for every place you want to reduce — calves, hips, arms, back, waist or thighs. I test each machine by taking weight off myself."

She keeps an elaborate chart during the whole process — showing the changes in her own measurements as she builds her weight up, then takes it off.

We went into the gym, which was full of strange instruments and resembled a medieval torture chamber. There were two fat ladies on a machine that kept bumping her in the stomach mildly with a series of wooden rollers.

The second fat lady was harnessed on a gadget that kept rolling several lightly clamped elastic wire springs up and down her thighs.

Coal Shortage Halts Two Railroads

Memphis, Oct. 4 — (UP) — Five Illinois Central and Louisville & Nashville passenger trains will be discontinued at midnight tomorrow because of the coal strike, it was announced here today.

Three I-C trains to be discontinued are the Delta Express between Memphis and Greenville, Miss., the Miss Lou between Jackson, Miss., and New Orleans, and the afternoon train between Memphis and Louisville, via Fulton, Ky.

I-C officials say the order would not completely suspend service on these routes. The main line service between Chicago and New Orleans will not be affected.

According to the schedule, Delta Express passengers may use the planter, leaving Memphis at 10:30 p. m., and leaving Vicksburg at 2:38 a. m. by the return.

The Louisville via Fulton run will be made by the night train leaving Memphis at 8 p. m.

The Miss Lou passengers will be served by regular Memphis-New Orleans trains.

Of the two L & N trains K. W. Graham, assistant superintendent with headquarters at Paris, Tenn., announced a 25 per cent curtailment of operations.

The L & N train L & N train No. 198 operating between Memphis and Bowling Green, Ky., and train No. 103 from Bowling Green to Memphis will be discontinued. Graham said that more than 15 men in Paris will be idled.

Hundreds Hunt for Badman Jack Tatum

Phoenix, Ariz., Oct. 24 — (UP) — Hundreds of FBI agents, deputies and police officers are hunting for notorious badman Jack Tatum in one of the biggest manhunts since the days of John Dillinger and "Pretty Boy" Floyd.

Authorities used planes, horses, and motor vehicles in an attempt to track down the thick-lipped, tattooed gunman who escaped from the Maricopa county jail after a gun battle in which two other prisoners were slain by a deputy sheriff and two others taken into custody before they could flee.

Roadblocks were thrown up at the California and Nevada borders and all cars were stopped and searched.

Police feared, however, that Tatum, whose exploits as a bandit, burglar and jail breaker are almost legendary, had once more eluded pursuers and made his way out of the bordering states.

There was evidence that he had been aided by someone outside the jail.

Tatum is a member of a three-man family gang that has terrorized the Phoenix valley repeatedly in the past with forays of gunmanship and banditry.

Despite the belief that he may have escaped over state lines, a big search for him was launched in the nearby Salt River valley which has been a refuge for outlaws since the two-gun days of the old Wild West.

Sharpshooters FBI men, called into the case because Tatum is wanted for transporting stolen cars across state lines, were prepared to shoot it out with Tatum as they did with Dillinger.

They doubted that he would give up without a fight and believed they probably would have to kill him.

Missouri Pacific Strike Settled, 11,900 State Workers Return to Jobs

46-Day Walkout Ends; Will Take 3-Days to Get All Operations Back to Normal

Little Rock, Oct. 24 — (AP) — The strike-iddled Missouri Pacific railroad steamed with activity today. More than 11,900 Arkansas railroad workers out of work for the last 46 days because of the strike of four operating brotherhoods had orders or were awaiting instructions to go back on the job.

Some twelve hundred workers in the massive roundhouse at North Little Rock swarmed back to work this morning.

The shoppings were the first to go back to their jobs as a result of the strike settlement. The first item on their work schedule is to put about \$72,000,000 worth of rolling stock in ship-shape order for train service.

They have to inspect the equipment as required by the interstate commerce commission.

Other railroaders — locomotive engineers, conductors, signalmen, brakemen and others who have active jobs in running trains — will be highbaling as soon as inspection are completed.

Supt. R. C. Williams of the Missouri Pacific's Arkansas division, said that switch engines were to be rolling by 11 a. m. today. He expects full freight service to start early Tuesday, full passenger service Wednesday.

The end of the strike brought cheers from thousands of Arkansians. From Governor McMath, mayors, judges, industrialists, businessmen, farmers and workers came messages of gratification.

McMath said ending of the strike removes the only serious cloud on the economic horizon of Arkansas. He said Mayor Herbert Jonesboro:

"I am very glad to see it ending. Fine Bluff's Mayor George Stead said he was glad that it is over because the strike 'adversely affected business in general'."

Many cities and towns in Arkansas soon will see chugging locomotives instead of the cold raw steel of idle rails for the first time since the strike started Sept. 9.

For the first time in 45 days cotton and rice growers can look forward to relief in transportation problems. They have all but tied up shipment of their crops.

Lifting of the freight embargo imposed when the strike was called is expected Monday.

County School Teachers to Meet Oct. 27

County School Supervisor E. R. Brown announces that the county administrators will meet at the Hope High school cafeteria on Thursday evening, October 27, at 6:30 for a dinner meeting.

The program will consist of a principal address made by Miss Peggy Blair, who is now teaching in the Little Rock school system. She taught in Scotland last year as an exchange teacher. Miss Blair has had wide and varied experiences as a teacher and comes before the Hempstead county group, highly recommended as an inspirational and informative talker.

Immediately after dinner a brief business session will be held for the purpose of electing officers of the County Association for this year. Then after the principal address, the classroom teachers and school masters will assemble separately to re-organize the two sectional groups.

Each county teacher is especially urged to attend this meeting.

Yerger Officials Clamp Down on School Absences

Yerger school is asking the cooperation of all parents in helping to keep check on students. It has become necessary for the school to demand a written notice from the parents or guardian when they desire a student to be excused from school during the school hours.

Hereafter unless a written notice signed by the parent is received, no student will be permitted to leave the campus at anytime, unless the student is sick and the doctor orders him to be excused.

Parents are asked to cooperate in carrying out this request. President of the Yerger P. T. A. announces to all patrons that the Yerger P. T. A. will meet Tuesday afternoon, October 25, 1949, at the Yerger auditorium at 3:15.

\$51,024 in Teacher Salary Aid Is Hempstead's Share

Almost 2 and a half million dollars as first payment of the state Teacher's Salary Aid was distributed this week-end by the State Educational Department. The list included: Hempstead \$51,024; Nevada \$5,790.

St. Louis, Oct. 24 — (AP) — Missouri Pacific trains, stalled for 45 days by a strike of operating employees, were scheduled to start rolling again today.

The strike was settled at a meeting of company and union officials yesterday, ending the longest work stoppage on any major road in nation's history.

It cost the railroad, workers and shippers millions of dollars.

The strike ended following submission of a union proposal for settlement of 93 grievances by arbitration under railroad labor act and by railroad adjustment board. The nature of the claims and the wishes of the union will determine whether the grievance will be settled under the act or by the board.

Originally there were 282 claims based on differing interpretations of working rules. But 139 were settled by lengthy negotiations after the strike started. Basic hours and wages were not involved.

Paul J. Neff, chief executive officer of the railroad, said operations could not return to normal immediately over the 7200-mile, long-state system. He said the strike would officially end at 10 a. m. (CST) today, but asked all employees to start returning to work on their regular shifts.

Neff said some passenger trains might start operating today, but others would have to wait inspection and servicing of long-idle equipment. It was estimated two to three days would elapse before operations are back to normal.

About 5,000 members of the Brotherhood of Locomotive Engineers, engineers and firemen and railroad way trainmen and of the order of railway conductors were involved in the walkout. About 20,000 additional employees were laid off because of the stoppage.

The strike, according to unofficial estimates, resulted in a loss to the company of more than \$24,000,000 and of at least \$12,000,000 to employees in wages. Other millions of dollars were lost by thousands of industries served by the railroad in midwest and southern states.

States served by the road are Missouri, Illinois, Arkansas, Tennessee, Louisiana, Mississippi, Oklahoma, Kansas, Nebraska and Colorado.

The dock workers will return to work with a 14 cents an hour pay boost, effective immediately, with an additional 10 cents pay increase to become effective March 1. The 2,000 workers, members of the CIO International Longshoremen's and Warehousemen's union, struck May 1 in support of de-manded a \$1.40 hourly wage. But these settlements scarcely dent the nation's total of nearly 4,000,000 idle workers which Secretary of Commerce Sawyer says are not expected to be active until the steel and coal strikes are settled meanwhile.

More than a million are idle as a direct result of the steel and coal shutdowns alone. Most of the others are reported to be in the Associated Press nationwide survey Saturday as eligible for and receiving unemployment compensation. Pennsylvania with 330,000 idle from the steel and coal strikes, was the hardest hit state.

State labor department and unemployment compensation claims indicated the nation's total idle at 3,837,000. Of these, 500,000 are striking steelworkers, 30,000 striking miners, 16,000 striking munition workers, and 2,941,000 others, including those laid off or involved in widespread smaller strikes.

Monday: Irish stew, spinach, bread, milk, butterfly bun.

Tuesday: Baker potatoes, okra, southern style, or hardy beans, pecan twist, milk, bread, ginger cookies.

Wednesday: Creamed salmon on toast, green lima beans, beefs, sugar cookies, bread, milk.

Thursday: Meat loaf mashed potatoes and gravy, buttered cabbage, chocolate cup cake, milk bread.

Friday: Meat balls potatoes Au Gratin, green beans, sugar cookies, milk enriched bread.

Menus for grade schools and junior high.

Monday: Beef and vegetable soup, corn muffins, cheese, and crackers sandwiches, apple brown betty, milk.

Tuesday: Meat loaf creamed potatoes, English peas, carrot sticks, hot biscuits and jelly, milk.

Wednesday: String beans scallion potatoes, beets, blackberry cobbler, bread, milk.

Thursday: Chili macaroni cole slaw whole wheat bread, fruit, cookies, milk.

Friday: Kraut and weiners candied sweet potatoes, enriched bread, cookies, milk.

The Yerger lunchroom supervisor has prepared the following menu for this forthcoming week.

Social and Personal

Phone 1268 or 1269 Between 8 A. M. and 4 P. M.

Social Calendar

Tuesday, October 25
The Cosmopolitan club will have their regular meeting at 7:45 p.m. Tuesday in the home of Mrs. Mack Stuart, with Mrs. Perry Moses, co-hostess.

The P. E. O. chapter of A. E. will meet in the home of Mrs. Earl Powell, Jr., 213 North Hervey, at 8 p.m. Tuesday.

Wednesday, October 26
The Azalea Garden club will have a "Mens" Coffee from 9 to 11 a.m. Wednesday at the Cottage. Proceeds will go to landscape the library grounds, and the public is invited to attend the coffee.

The study group of Oglesby Junior High P. T. A. will meet in the home of Mrs. Wade Warren at 2 p.m. Wednesday, October 26. Mrs. Paul Raley will lead the discussion, and all members are urged to be present.

Harriett Story Weds
Edwin Thomas Russell.

The Mount Vernon Place Methodist church in Washington, D. C. was the scene of the wedding of Miss Harriett Grace Story daughter of Mr. and Mrs. Garrett Story, Sr. of this city, and Edwin Thomas Russell of Washington, D. C. The bridegroom is the son of Mr. William J. Russell of St. Louis, and Mrs. Mary Blythe of Maynard, Ark.

The Reverend John W. Rustin, pastor of the beautiful double wedding ceremony before a background of white flowers, greenery and lighted tapers in candelabra. Dr. Dean Shure, the church organist, presided the nuptial music.

Miss Helen Tubert, of Fort Smith, a secretary in Senator McClellan's office, was the bride's only attendant. She wore a suncorper gaudy suit with dark brown accessories, and a corsage of Tallinn roses.

The bride chose a grey suit with a pale blue feature hat, and black suede shoes. She pinned a corsage of pale pink orchids at her shoulder.

Clifton Dowdy of Paducah, Ky., served the bridegroom as best man. Ushers were Bobby Baker, and Charlie Jones of Pickens, S. C.

Following the ceremony, a reception was held in the Green room of the Carlyle Hotel. Mr. and Mrs. Russell left immediately after the reception for a wedding trip through the south, and after their return will be at home at 2902 Second St. E. Washington, D. C.

Mrs. Russell, a member of Senator McClellan's office staff, attended Henderson State Teachers college. Mr. Russell, also a member of the office staff, attended Arkansas State Teachers college at Conway.

Coming and Going

Mr. and Mrs. Curtis Moran and son, Jackie spent the week-end in Murfreesboro and attended the Pike County Fair.

Miss Betty Martin spent the week-end with Miss Helen Downs in Magnolia.

Mr. and Mrs. Don O'Day and

Prescott News

Monday, October 24
The Prescott Ministerial Alliance will have a dinner meeting at 5:30 p.m. Monday, at the Broadway Hotel. Wives of the ministers will be guests.

Tuesday, October 25
The B & P.W. club will meet Tuesday at 7:30 p.m. in the home of Miss Mary Joe Hamilton.

The Sara Cooper Junior G. A. A. of the First Baptist church will meet Tuesday afternoon at 3:30 in the home of their counselor, Mrs. Clifton Yancey.

The Men's Fellowship of the First Methodist church will meet at 7 o'clock Tuesday evening for the regular monthly dinner meeting.

The Sunbeams of the First Baptist church will meet at the church Tuesday afternoon at 3:30.

The Ladies Auxiliary of the Central Baptist church will meet at the church Tuesday afternoon at 2 o'clock.

Wednesday, October 26
The Wednesday Bridge club will meet Wednesday afternoon at 2:30 in the home of Mrs. Harold Lewis.

The Tschakovsky Merry Go Round Music club will meet Wednesday afternoon at 3:30 in the home of Margaret Hunter Scott.

Members of the First Christian church will meet at the church at 7 o'clock to continue the calling campaign.

Presbyterian Men Hold Supper Meeting
The men of the church of the First Presbyterian church enjoyed a hot tamale supper on Wednesday evening at 3:30.

After a devotional given by T. E. Wagner the men adjourned to the main auditorium where a sound-color film "Southwest Conference Highlights of 1948, prepared by Humble Oil and Refining Company" was shown. The film showed outstanding football plays in games in the Southwest Conference in 1948, including such stars as Scott, Walker, and others. Powell Morgan was in charge of the program.

Spanish Club Enjoys Hot Tamale Luncheon
Members of the Spanish club of the Prescott High School enjoyed a hot tamale luncheon on Thursday noon.

Guests of the club included: Mrs. Gordon Danner, Band Director; Billy Hicken, Jack Cooper, Carolyn Morrow, and others. Mrs. Hart and Ida Rae Hanlon. Mrs. Charlie Thomas is sponsor of the club.

Mrs. George Wylie Hostess to Bridge Party
Mrs. George Wylie entertained a few of her friends with a bridge party at her home on Thursday afternoon.

Elaborate arrangements of marigolds were used to decorate the rooms.

There were two tables of play with Mrs. Dutchie Bright winning the high score prize.

A tasty salad course was served to guests: Mrs. Bright, Mrs. Hubert Barksdale, Mrs. J. Leland Lavender, Mrs. Norman Whitaker Jr., Mrs. Charlie Scott Mrs. W. E. Hamilton, Mrs. Thomas DeWoot, and Mrs. Kathleen Woosley. Mrs. Hubert Hawley and Mrs. Bob Reynolds were tea guests.

Among those from Prescott who attended the Hope-Prescott, Jr. football game at Hope Thursday night were Mr. and Mrs. G. R. Peachey, Mr. and Mrs. Watson Buchanan, Mr. and Mrs. Burrell Whitmarsh, Blu Avery Mr. and Mrs. Jack Robey Mr. and Mrs. Delmar Danforth, and Mrs. Bernard Andrews, Rev. W. B. Burks, Supl. J. E. Smith, Mr. and Mrs. P. I. Johnson, J. C. Graham and Bobby Whitmarsh.

Mr. and Mrs. Dale Wilson of Hope were the guests of relatives Thursday.

Mrs. Archie Johnson and child, Gil and Phoebe have been the guests of Mr. and Mrs. W. H. Cobb and son Billy in Little Rock.

Mr. and Mrs. J. T. McRae, Mrs. R. F. Yarbrough and Mrs. Russell Moberg motored to Little Rock Thursday for the day.

Mrs. C. H. Tompkins spent Thursday and Friday in Little Rock as the guests of Mr. and Mrs. J. M. McFarland.

Friends of Mrs. Hunter Scott will be pleased to learn that she is recovering from a recent illness.

DO YOU HATE GOING THROUGH 'CHANGE of LIFE'?

So many women between the ages of 38 and 42 have good reason to hate 'change of life' — the time when fertility ebbs away — when embarrassing symptoms of this nature may betray your age!

If this functional period makes you suffer from hot flashes or makes you feel so weak, nervous, restless, hard to live and work with — try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. Women by the thousands have reported relief day after day of such distress. No other medicine of this type for women has such a long record of success.

Regular use of Lydia Pinkham's Compound helps build up resistance against such middle-age distress. The woman's friend!

NOTE: Or you may prefer Lydia E. Pinkham's TABLETS with added iron.

Tyrone Power, Wife Arrive in New York

New York, Oct. 24 —(AP)—Movie Star Tyrone Power and his wife, the former Linda Christain, flew in from Paris today.

They said they were still honey-mooning — after nine months of marriage.

"Mrs. Power hasn't seen some places in New York that I've seen and I have not seen some of the places she has visited," the actor said, who has been dead-end "places together."

They haven't been in the United States since their marriage last January in Rome. Power has been making films in England, Italy and Morocco.

Just Typed Book Author Insists

London, Oct. 24 —(AP)—British Author Frances Dale did the typing, but she insisted today that her last book really was written by a priest who has been dead thousands and thousands of years.

He lived, so said his ghost, on the continent of Atlantis which sank in the Atlantic ocean a long time ago.

So certain is the 40-year-old writer that the book which fairly flew from her finger tips is none of her work that she told her astonished publisher that she will accept no royalties. Just a typist's fee is all she wants.

"I can't explain it," said Miss Dale, who has written numerous novels, short stories and a cook book. "But a voice inside me said 'write this down' and I just typed with astonishing speed. How that chap could dictate!"

The voice, she explained, identified itself as being that of a priest named Amartius, and she warned of dangers confronting civilization. She said she understood him to say he had been dead nine million years.

Too much materialism and selfishness are what's wrong in this age, said the old Atlantis. Miss Dale put it all down, and the book is a collection of thoughts about modern morality.

"I don't pretend to understand it," said Publisher Andrew Dakers. "Miss Dale insists she never concerned herself about Atlantis, and she's no mystic or faddist. Her book is a firmly on the ground. One doesn't associate it with a writer with spooks. But here is this new book, which we haven't named, and I should have said, knowing her, that she couldn't have written it."

"Now she doesn't feel justified in accepting any of the profits. I am different, I heard no voice. It's Miss Dale's own affair if she doesn't want her share of any proceeds. I don't suppose I could send a check to Atlantis."

A lot of people believe in the story of Atlantis. Some Britons even have tried to promote an expedition to the middle of the Atlantic to make contact with the writer, thinking they can prove the continent actually existed and actually sank.

Hawaii's Striking Stevedores to Return to Jobs

Honolulu, Oct. 24 —(AP)—Hawaii's striking CIO stevedores will go back to work tomorrow and Wednesday in five of the islands' six ports. They started the strike's most crippling labor tieup May 1.

An agreement covering all ports except Honolulu was signed yesterday after noon. It provides for the strike whose known losses start at \$100,000,000. The memorandum was signed by officials of all but one of Hawaii's seven stevedoring firms and the International Longshoremen's and Warehouse-

Carburetor Too Rich Makes Motorist Too Poor

Car owners who are wasting money and not getting proper gas mileage due to over-rich mixtures will be pleased to learn of a Wisconsin inventor who has developed a very clever unit that helps save gasoline by "Vacu-mating."

It is automatic and operates on the supercharge principle. Easily installed in a few minutes. Fits all cars, trucks and tractors. The manufacturers, the Vacu-matic Carburetor Co., 7617-700 W. State St., Wauwatosa, Wis., are offering a Vacu-matic to anyone who will install it on his car and help introduce it to others. They will gladly send full free particulars if you write them or just send your name and address on a penny post card today.

Sewell Gets Job of Managing Cincinnati Reds

Cincinnati, Oct. 24 —(AP) — Luke Sewell, who led the St. Louis Browns out of baseball's wilderness, today had shouldered the task of trying to do the same thing for the Cincinnati Reds.

Sewell, a veteran major league catcher, yesterday was named manager of the Reds for 1950 and 1951, succeeding Buckey Walters, who was relieved of his duties in the last week of the 1949 season. Sewell was a coach under Walters during the past season.

Sewell directed the Browns to their one and only American league pennant in 1944.

And in taking over the job of managing Cincinnati out of the lower reaches of the National league, Sewell did it with the positive word from Powell Crosley, Jr., chairman of the board and principal owner, that it must be done by developing young players and not through wholesale purchases of established stars.

Irish, Army
Considered
Nation's Best

New York, Oct. 24 —(AP) — Nine teams held the thinning line of major unbeaten college football forces today, but the casualty rate is getting terrific.

But the other unbeaten teams squeeze through with as many perfect eleven's as last year when Michigan, California and Clemson alone closed out with spotless escutcheons. California fell later in a bowl game.

Notre Dame and Army, the country's two top-ranking powers, appear good bets to survive the last six weeks of wrangling without mishap and fourth-place Oklahoma may extend its string.

But the other unbeaten teams — California, Cornell, Baylor, Pennsylvania, Boston U. and Virginia — have rough seas ahead.

The California Bears may make it if they can get by UCLA winner of five of its six games, at Los Angeles Saturday. This is one of the week's feature attractions on a schedule that highlights sectional warfare.

Cornell and Penn meet in the season finale Nov. 24. Baylor has yet to meet the Southwest Titans — Texas, Southern Methodist and Rice. Virginia winds up with Penn. Tulane and North Carolina. Boston U. with a favorably mild schedule, may be sidetracked by Maryland Nov. 12.

Four teams with nothing but big fat victories took a tumble Saturday in the most violent reversal of form this season.

North Carolina, Minnesota, Kentucky and Pittsburgh went down with a thump that jarred budding bowl hopes.

North Carolina was stunned by Louisiana State in a night game at Baton Rouge, 13-7.

Minnesota's Gophers, a tie a day earlier in the Rose Bowl, were trimmed by Michigan's defending national champions who bounced back from two straight defeats to win, 14-7.

Bear Bryant's Kentucky, riding a five-game winning streak, lost to Southern Methodist, 20-7, and Pittsburgh with its supporters beginning to dream of a return to that old position of prestige, slipped up against a fired-up Indiana team, 48-14.

These upsets, plus others scattered around the country, promised an upheaval in the nation's first ten, which will be determined by an Associated Press vote today.

The highest temperature recorded on earth was 138 degrees F. at Azizia, Libya, North Africa on Sept. 13 1922 according to the U. S. Weather Bureau.

er to William Jewell and Liberty, Mo., in Hot Springs.

A revitalized band of Mountaineers from the college of the Ozarks smothered Arkansas college 48-7 in Batesville.

Arkansas State thumped Delta State 74 in a bruising battle in Cleveland, Miss., and Hendrix bowled over Missouri Baptist 38-7 in Popular Bluff.

SPORTS ROUNDUP

By Hugh S. Fullerton, Jr.

Texas, SMU Game Tops in Southwest

Dallas, Tex., Oct. 24 —(AP) — It's a battle for survival in Southwest conference football this week.

Texas, Southern Methodist and Texas Christian have to win to keep alive flickering title hopes.

Texas and Southern Methodist tangle in Dallas while Texas Christian goes to Waco to take on the undefeated, untied Baylor Bears.

Rice, the team that licked both Texas and Southern Methodist, plays Texas Tech of the Border conference.

Arkansas and Texas A. and M. get together in another conference game, but this tilt won't mean anything in the title race.

More than 75,000 are due to jam the Cotton Bowl in Dallas for the SMU-Texas tilt. Southern Methodist has beaten Texas the last two seasons and probably will be favored to turn the trick again.

Texas lost to Rice last week, 17-15 in the last ten seconds of play.

The Mustangs may not have Dook Walker back Saturday, but even without Walker, hospitalized with the flu, SMU crumbled the nation's seventh ranking team, Kentucky, last week, 20-7.

In other games, Texas Christian outscored Mississippi 33-27, in a wild battle of offenses; Baylor blanked Texas A. and M., 21-0, and Arkansas upset Vanderbilt, 7-6.

Coach's Philosophy

"Football may be a brutal game, but it's not a war. A football coach is better than a war coach (and they say the platoon system is a new idea). . . . Neutrality is being afraid of one side and ashamed of the other. . . . A team of eleven good fighters is hard to beat; a team with too many gold footballs is apt to list. . . . A football coach is responsible to an irresponsible public. . . . All quitters are good losers. . . . Too many backs run too fast and too long on one spot. . . . Football still is a great kicking game. However, the kickers are in the stands at \$3 per seat. . . . We don't care how big or how strong opponents are, as long as they're human. . . . There are many of them, but don't forget Zup's definition of an All-American star—'A player who has weak opposition and a poet in the press box.'"

Cleaning The Cuff

The National Baseball congress is trying to line up junior chamber of commerce organizations as sponsors of district championship non-professional baseball tournaments. . . . After carrying the ball 33 times against Iowa State, Kansas State Fullback Gerald Hachney explained: "I felt like as long as I had my hand on the ball, I'd rather I was downed I could hardly drag myself back to the huddle."

SW to Ignore Blasts About Officiating

Dallas, Oct. 24 —(AP) — James H. Stewart, executive secretary of the Southwest conference, says neither he nor any of his football officials are going to discuss the blasts at officiating from Coach Paul Bryant of Kentucky and Coach Johnny Vaught of Mississippi.

Bryant blamed the officials for his team's 20-7 loss to Southern Methodist last Saturday. Vaught criticized the work of the men in the striped shirts when his Mississippi eleven took a 33-27 licking from Texas Christian at Fort Worth Saturday night.

Stewart explained that his officials did not discuss their work with the public or with the press and that he also didn't comment on charges coaches might make against his officials.

From where I sit... by Joe Marsh

Two Heads Are Better Than One (Or None)

I get a kick out of buying stuff down at the hardware store. And I always ask for a little advice from one of the two brothers who run it, because I know beforehand exactly what the answer will be.

Like when I needed a new garden hose. "Henry," I says, "how about this new plastic hose—is it really as good as rubber?" "Well," he says, "I'm inclined to think it is—but you'd better ask Tom."

I found Tom in back and asked him the same question. "Well," says Tom, "in my opinion it is—

but you'd better ask Henry." "I already have," I says, "and when you two cautious old codgers agree I'd bet my life on the decision."

From where I sit, your own opinion is worth a lot—but so's the other fellow's. That's why I keep saying, over and over, let's be tolerant of the other person's point of view—whether it's on politics or farming—or whether you like milk shakes and he prefers a temperate glass of beer.

HIGHWAY HOOLIGANS

CYRIL THE SUPERSONIC

There's a driver called Cyril the Supersonic Who leaves folk's nerves in need of a tonic.

First you see him, then pfft he passes— And everyone's looking for hats and glasses.
